MEMORANDUM FOR

THE DIRECTOR OF CENTRAL INTELLIGENCE

Subject: Report of the Hoover Commission Task Force on  
Intelligence Activities (Appendix I)

The President has received the classified report of the Hoover Commission Task Force on Intelligence Activities, and has asked me to transmit to you, for consideration by the USCIB and the USCSB, the attached copy of Appendix I thereof.

The President would like to have a careful review made of the attached Appendix from the standpoint of these two agencies, and to receive the coordinated views of the interested departments with respect thereto within sixty days. These views should include specific comment on each of the recommendations relating to the USCIB and the USCSB, and should indicate those recommendations which it is considered can and should be adopted (indicating for these the method and timing deemed appropriate for placing them in effect); the statement should also indicate any recommendations not considered appropriate for adoption, together with supporting reasons and comment.

Task Force recommendations relating to a "watch dog commission" and to a special commission on communications and electronic resources to be set up by the President are the subject of separate action, and need not be reported upon in connection with the present request.
